Spring Wretchedness, Misery. TRUNKMAKERS ASK and Suffering Permanently Banished When You Use

Paine's Celery Compound

A Cured and Grateful Farmer's Wife Declares That Paine's Celery Compound Almost Raised Her From the Grave.

A few words to weak, broken down nervous and sick women at this time, and the perusal of Mrs. Shepherd's letter, will, we trust, kindle hope and inspire fresh confidence in many a home where some loved mother, wife or daughter is hovering between life and death. At this season thousands are nearing the grave; all can be saved by the prompt use of Paine's Celery Compound. Mrs. Virginia Shepherd, Powellton, W. Va., writes as follows:

"I had been sick for eight years, and no tongue can tell what I suffered. I would have spells of nervous headache when I would keep my bed five and six days, and could not raise my head off the pillow. Then I would get numb all over, and they would have to rub and work over me to keep me alive, and I would have sinking spells and palpitation of the heart, but thanks to Paine's Celery Compound (and I cannot praise it enough) I have not had a headache for six weeks, a thing I could not say before in eight years. Your Compound has almost raised me from the grave, as I had given up all hopes of this life until my husband rend one of your pamphlets After I had been using it I felt better than I had for three years." NEW REBELLION IN CHINA SPREADING

Signs of Unrest Apparent at Kwe-Lin and Nan-King-French Said to Be Supporting Rebels.

Hong-Kong, March 4.-The rebellion in Kwang-Si Province is spreading rapidly. Signs of unrest are already apparent at Kwe-Lin and Nan-King, the newly opened river treaty ports.

The Canton Viceroy has dispatched troops to the scene of the disturbances and bas stationed more than 1,000 men at Kwe-Lin and Nan-King for use in case of eventuali-ties. The rebeis are believed to be former soldiers of Marshal Su, who were disbanded on his promotion. Their propaganda, which has spread far and wide, includes the overthrow of the Manchu dynasty, the founding of a Chinese dynasty, and helping the oppressed and needy Chinese.

The French are said to be secretly supporting the rebels.

FOR MORE WAGES

Strike in Big St. Louis Factories Called-Statement From the Employers.

The trunk and bag workers in the four eading factories of St. Louis, numbering between 300 and 400 men, struck yesterday morning. The action was the result of a wage cut by the manufacturers.

All the firms affected are members of the Trunk Manufacturers' Association, Including Stromberg & Kraus, No. 416 North Sixth street; Herkert & Meisel, No. 516 Washington avenue; Hawley-Murphy Trunk Company, No. 608 Washington avenue, and the P. C. Murphy company, No. 504 North Third street.

Trunk and Bag Workers' Union No. 1, of which all the strikers are members, held a meeting at Walhalla Hall yesterday morning, while the trunk manufacturers met at the office of Herkert & Meisel last night. The men claim that the cut in wages

ranging from 5 cents to \$3, according to the work, is an attempt by the association to disrupt the union. The association was formed shortly after the men organized.

to disrupt the union. The association was formed shortly after the men organized. February 3 the new scale was presented to the union for acceptance.

A special meeting was called by the union and a committee appointed to arbitrate the matter. The result, however, was unsatisfactory. The Trunk Manufacturers' Association, at its meeting, discussed the situation, and finally issued a statement disclaiming any intenton or purpose whatever to disrupt organized labor.

"To the contrary," it states, in part, "we believe that organized labor is desirable when equity, justice and moderation is practiced. The association, however, was forced by the union to establish itself from a standpoint of self-protection. For the past few months demand after demand has been made by the union that could not be compiled with.

The present scale submitted to the union calles for higher wages than the manufacturers of the same line of goods in other cities are paying for the same work. The trunkmakers of St. Louis have no cause to object to the scale of prices, which the manufacturers see their way clear to pay, in order to give the St. Louis trunk market a full chance with competitors. The association has no intention to oppress labor, and is willing to pay scales of prices carefully formulated and entirely justinable to all concerned."

IN FAVOR OF ANNEXATION

Water Campaign Causes New Movement in Webster Groves.

A vigorous campaign is being waged in Webster Groves in favor of the water proposition that will be voted on at a special election to be held next Monday. A camelection to be held next Monday. A cam-paign committee with Charles A. Robinson as chairman and F. G. Howe secretary, has been appointed, and nightly meetings are being held to boom the scheme. The proposition to be voted on was submitted by the Missouri River Water, Light and Power Company, which offers to furnish water from the Missouri River at \$12.50 per 100,000 gailons.

from the Missouri River at \$12.50 per 100,000 gailons.

The opponents of the scheme are said to have mustered considerable strength in the last week and say they are confident they can beat it, the same as they did about one year ago.

As a result of the agitation that is being made in all of the towns in the county for water, a movement has sprung up for the purpose of having St. Louis County, or at least a greater part of it, annexed to St. Louis. This cannot be done until after the State Constitution has been revised, and the St. Louis County representatives in the Legislature will introduce a bill next winter, asking that a constitutional convention be called. The scheme, as it has developed so far, is to add Meramec Township to Franklin County, a part of Carondelet Township to Jefferson County, and have the rest annexed to St. Louis. There are about 45,000 inhabitants in the proposed district, and the people living therein declare that they cannot get adequate police and fire protection in any other way than by becoming a part of St. Louis.

STAVE AND BOX PLANT BURNED.

Loss of \$300,000-600 Men Are Thrown Out of Work.

REPUBLIC SPECIAL. Poplar Bluffs, Mo., March 4.-This afternoon Lowell M. Palmer's stave and box plant was consumed by fire. The fire originated in the piece heading-room and spread with such rapidity that by 4 o'clock the entire plant lay in ashes. A stiff wind from the northwest was blowing a gale, and hope was first entertained of saving at least a portion of the plant, but to no avail, as the wind suddenly changed to northeast. The plant was one of the largest of the kind in the world, and manufactured coffee boxes and barrel staves, which were finished at the main factories at Brooklyn and New Orleans. Lowell M. Palmer of New York was the sole owner, and Elijah Windsor and Charles Langlotz were managers of factory and woods. The factory was built in 1859, and employed about 690 men. The loss is estimated at 300,000. The amount of insurance could not be ascertained. plant was consumed by fire. The fire orig-

until November 21 of last year, when Farrell was called on to resent a would-be "masher," who was forcing his attentions on Miss Coombs, who was walking on Broadway, St. Louis.

The introduction which followed permitted Miss Coombs to congratulate Farrell on his cakewalking achievements. The couple attended the theater and the next afternoon they were married in East St. Louis and began housekeeping. The couple lived together only two weeks. Quarres were frequent, and finally Mrs. Farrell left the house. The husband, a few days later, entered suit for divorce, alleging desertion. Efforts on the part of Mrs. Farrell and her friends to effect a reconciliation were fruitless, and Mrs. Farrell then secured a position as a waitress at the Diehl Hotel, where she has been employed for some time.

Monday night, in company with another waitress, Mrs. Farrell sent word to her husband that she could not and would not live without him. She received no reply to her message, and after waiting for some time in Parridy's restaurant, she raised a bottle to her lips and drained its contents. Her act was witnessed by several of the employes and her companion, and hurry calls were sent for an ambulance and Doctor Little. The woman was given antidotes and she was hurried to the hospital, where Doctor Little used the stomach pump. The quantity of laudanum which she took, however, was so great that for a long time it seemed that recovery would not be possible.

The men charged with the robbery have not talked much since their arrest, but will attempt One of the peculiar features of this case

One of the peculiar features of this case will be the expected worthlessness of any testimony that might be given by Watchmen Philipot and Eastep, who said they were captured by the robbers, bound and gagged and kept prisoners for the greater part of the night.

Eastep swore to information in a warrant which caused the arrest of I. N. Hughes on a charge of being the man who held them prisoners while the safe was being blown open. Philipot identified the man, and he was held in jail for more than a week. At the preliminary hearing in East St. Louis, Hughes was prepared to prove a full alibi as to his wherebouts on the night of the robbery, and this fact caused Philipot and Eastep to waver in their identification of him, and finally both declared that he was not the man.

It is not thought that either Philipot or Eastep will be called upon for material evidence, except such as might be wanted to show the nature of the robbery.

State Attorney Farmer has stated that he would not have to put the watchmen on the stand to secure a conviction of the trio under arrest. He claims to have enough evidence gathered on the outside, and principally through his individual efforts, to bring about conviction.

As yet this evidence is known only to the State Attorney and a few of the authorities and will be introduced at the proper time.

Stauder was declared insane nine days ago and was temporarily sent to the County Farm. There he refused to touch a bite of food. Chicken and delicacles were set in front of him, but he refused to touch them. The man would only drink a small amount of water. Doctor Woods, superintendent of the County Farm, became frightened at the refusal of the man to eat and presented the case before County Judge Perrin. Judge Perrin ordered the man taken back to his home for a few days in the hope that he would eat with his relatives. The return to his home saved Stauder from death by starvation. He ate his first meal yesterday morning and soon afterwards asked for some more food. Judge Perrin will permit the man to be kept at his home for a while.

SHERIFF FINDS SEAGO'S DAUGHTER. Thinks He Soon Will Recapture Man Who Broke Jail.

Sheriff Cosmos Keller of Jerseyville yesterday secured possession of the 7-year-old daughter of Shad Seago, who was taken from the home of her uncle, William Seago, at Lockhaven, by her father, when he broke out of the Jersey County jail. In the recovery of the child Sheriff Keller believes he has a clew to the whereabouts of Seago. Two days after the had secured possession of his little daughter Seago brought her to the home of Henry Ridenbark, living a short distance from the home of William Seago, and asked that the girl be taken back to her uncle. Seago disappeared, and Ridenbark took the little girl back to her uncle. Sheriff Keller learned of this yesterday and went to Lockhaven and secured possession of her. He brought her to Jerseyville, and through her hopes to get a clew to Seago's whereabouts. from the home of her uncle, William Seago,

A Chapter from the Life of the Village Parson's Helpmate.

In every village the pastor's wife exerts an influence often as great as that of her husband. Needless to say, the responsibility of her position is great. Her approval or disapproval is not given without careful and conscientious consideration. This emphasizes the importance of the enthusiasm shown by Mrs. S. E. Leech, wife of the pastor of the Methodist Episcopal Church of Madison, Me., over an important event in her life. The experience is best told in her own words:

"In 1855," she says, "the birth of a child left me with complaints which caused me to suffer for several years, I was distressed after eating and was troubled wathand the formation of gas in my stomach. There were severe pains and weakness in

and the formation of gas in my stomach. There were severe pains and weakness in my back and ioins and I was also afflicted with other troubles to which my sex is subject. Doctors treated me nearly all the while for three years, but I was not benefited to any extent."

"But you seem to have recovered marvelously," was suggested.

"I'en," Mrs. Leech answered, "and I will tell you how it was brought about. I had read of cures effected by Dr. Williams' Pink Fills for Pale People and I decided to see what they would do for me. There was a decided improvement while I was using the second box of the pills, but I did not stop taking them until I had taken six boxes and was cured."

Mrs. Leech suffered from the same troubles that are making thousands of women

bles that are making thousands of women miserable. A few of the symptoms are severe headache, loss of appetite, exhaus-tion, pains in the groin or limbs, pale or sallow complexion, nervousness, offensive tion, pains in the groin or limbs, pale or sallow complexion, nervousness, offensive breath, etc. The sufferer may exhibit one or more of these symptoms, or may have all. They simply indicate the ravages disease has made upon the system, and the more of these symptoms the patient shows the greater the necessity for prompt and persistent treatment until they have been banished and the bloom of health is restored. To accomplish this end, Dr. Williams' Pink Pills for Pale People are the only unfalling remedy. They are on sale at all druggists, or will be sent postpaid on receipt of price, fifty cents per hox or six boxes for two dollars and a half, by Dr. Williams Medicine Co., Schenectady, N. Y.

Miss Roosevelt to Visit Caba.

REPUBLIC SPECIAL.

Washington, March 4.—Miss Alice Roosevelt, whose experiences of travel and society are already far beyond the ordinary, even for a daughter of the President of the United States, has accepted an invitation for a visit of several weeks to the Governor General of Cuba and Mrs. Leonard Wood at the Governor's realnee in Havans.

Miss Popsevelt will leave for Cuba next Sunday, accompanied by a maid and chaperoned by Mrs. Marriot Blaine Beale, who is also to be a guest of General and Mrs. Wood.

As in the case of her proposed trip to London, the Cuban visit is of unofficial character, but will necessarily lead to much entertaining in honor of the daughter of the President. REPUBLIC SPECIAL

William B. Cox of Evansville, Ind.,

Not Expected to Live.

Evansville, Ind., March 4—William B. Cox shot and killed his wife this afternoon and then turned the pistol on himself, the ball entering his head. He is not expected to live until morning. Cox, who recently came here from Livermore, Ky., had been drinking heavily of late, and was jealous of his horses and drinking.

Parents' It is the right of every child to be well born, and to the parents, the lawful guardians of that right, the child must

look for health,

great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and thrust, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not represent themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse yourown blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even herelitary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are proving up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any had results.
